CDT 2022: Dental Procedure Codes

Dentistry goes beyond providing excellent oral care to your patients. It also requires an accurate record of the care that was delivered, making CDT codes an essential part of dentists' everyday business. Ensure you and your dental team have the most up-to-date information with CDT 2022: Current Dental Terminology. In uncertain and constantly evolving times, you can trust CDT 2022 to provide reliable, current information. This crucial coding manual also comes with the CDT e-book and app.

2022 code changes include: 16 new codes, 14 revised codes, 6 deleted codes

CDT 2022 contains new codes for:

- Pre-visit patient screenings
- Fabricating, adjusting and repairing sleep apnea appliances
- Immediate partial dentures
- Intra-coronal and extra-coronal splints
- Rebasing hybrid prostheses
- Removal of temporary anchorage devices

These codes are developed by the ADA and are the only HIPAA-recognized code set for dentistry. You will also find ICD-10-CM codes related to dental procedures. Use the app with iOS, Android or any computer. For accuracy, efficiency and peace of mind, CDT 2022: Current Dental Terminology is an essential resource for every dental practice.

2022 Medical Dental Cross Coding with Confidence

Dental plans are increasingly mandating the submission of certain dental procedures (such as surgical extractions) to the patient's medical plan before submission to the patient's dental plan. Due to this trend, dental teams are now faced with the task of filing procedures to the patient's medical plan more often.

Introducing our newest resource, Medical Dental Cross Coding with Confidence, to enable dental teams to conquer the complexities of medical claim submission for dental practices. Learn from easy to follow clinical scenarios and receive step-by-step instructions on completing the CMS 1500 (02-12) Medical Claim Form.

This revolutionary cross coding manual assists dental teams in selecting the appropriate CPT and ICD-10-CM codes to report the dental procedures performed in their practices, and teaches them how to properly report the codes on medical claim forms. This valuable resource is designed to assist both the beginner and the experienced medical dental cross coder.
